

1. IDENTIFICATION OF THE MATERIAL AND SUPPLIER

Product Name	Euromix™ Bond
Product Code	BOND5, BOND20
Supplier Name	Euromix Pty Ltd ABN 57 664 946 070
Address	31-33 Water Street, Strathfield South. NSW 2136
Telephone	02 9572 9061
Email	contact@euromix.com.au
Synonym(s)	Euro Bond, Euromix Bond Additive, Euromix Bond
Use(s)P	Bond is a bonding agent for use in cement renders or as a mortar additive.

2. HAZARDS IDENTIFICATION

This product is classified as non-hazardous according to Safe Work Australia criteria. Not classified as a dangerous good by the criteria of the ADG code, IMDG or IATA.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Ingredients determined to be non-hazardous.

4. FIRST AID MEASURES

Eye	If in eyes, wash out immediately thoroughly with water. In all cases of eye contamination, it is sensible to seek further medical assistance and advice.
Inhalation	Treat symptomatically and move the exposed person to fresh air. Get medical attention if any discomfort continues.
Skin	Remove heavily contaminated clothing immediately. Wash off skin thoroughly with water. A shower may be required. If irritation occurs seek medical advice.
Ingestion	Rinse mouth with water. Seek medical assistance if discomfort continues.
Advice to Doctor	Treat symptomatically.

5. FIRE FIGHTING

Flammability	Non-flammable. Does not support combustion of other materials.
Fire and Explosion	No fire or explosion hazard exists.
Extinguishing	Non-flammable; use extinguishing agent suitable for surrounding fire.
Hazchem Code	None.
Fire Fighting Advice	Non-combustible material, however, following evaporation of the water component of the material, the residual material can burn if ignited. On burning may emit toxic fumes. Fire fighters to wear self-contained breathing apparatus and suitable protective clothing if risk of exposure to vapour or products of combustion.

6. ACCIDENTAL RELEASE MEASURES

Spillage	Wear protective equipment to prevent skin and eye contamination. Then collect and place in suitable containers for reuse or disposal. Prevent from entering water ways.
Dangerous Goods	Initial Emergency Response Guide No: Not applicable

7. HANDLING AND STORAGE

Storage Store in cool place and out of direct sunlight. Keep containers closed when not in use - check regularly for leaks. Ensure packages are adequately labelled, protected from physical damage, and sealed when not in use.

Handling Keep out of the reach of children. Avoid eye contact and repeated or prolonged skin contact and inhalation.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Ventilation Use with adequate ventilation. Where an inhalation hazard exists, mechanical extraction ventilation is recommended.

Exposure Standards Limits No value assigned for this specific material by the National Occupational Health & Safety.

PPE Coveralls, Safety Shoes, Safety Glasses, Gloves, Respirator. Wear coveralls, safety glasses and impervious gloves. Available information suggests that gloves made from nitrile rubber should be suitable for intermittent contact. However, due to variations in glove construction and local conditions, the user should make a final assessment. Use with adequate ventilation. If inhalation risk exists wear organic vapour respirator meeting the requirements of AS/NZS 1715 and AS/NZS 1716. Avoid breathing dust when sanding. Wet sand or use a dust mask

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White Liquid	Solubility (water)	Soluble
Odour	Slight Odour	Specific Gravity	1.15 to 1.40 kg/l
pH	6.5 – 9.5	% Volatiles	42%
Vapour Pressure	Not Available	Flammability	Non-Flammable
Vapour Density	Not Available	Flash Point	Not Relevant
Boiling Point	100 (water)	Upper Explosion Limit	Not Relevant
Melting Point	1200°C	Lower Explosion Limit	Not Relevant
Evaporation Rate	Not Available	Autoignition Temperature	Not Available

10. STABILITY AND REACTIVITY

Chemical Stability No decomposition if used correctly.

11. TOXICOLOGICAL INFORMATION

Eye Based on available data, the classification criteria are not met

Inhalation Based on available data, the classification criteria are not met

Skin Based on available data, the classification criteria are not met

Ingestion No adverse effects expected, however large amounts may cause nausea and vomiting.

Carcinogenicity This product is not classified as carcinogenic to humans (IARC Group 1).

Acute Toxicity No known toxicity data is available for this product. Based on available data, the classification criteria are not met.

12. ECOLOGICAL INFORMATION

Toxicity	Avoid contaminating waterways. Not regarded as toxic to the environment.
Mobility in Soil	A low mobility would be expected in a landfill situation.

13. DISPOSAL CONSIDERATIONS

Waste Disposal	Refer to Waste Management Authority. Dispose of material through a licensed waste contractor. Normally suitable for disposal at approved land waste site.
-----------------------	---

14. TRANSPORT INFORMATION

Not classified as a dangerous good by the criteria of the ADG Code.
Drivers of trucks transporting product should ensure that the pails & jerry cans are properly restrained.

15. REGULATORY INFORMATION

Poison Schedule AICS	A poison schedule number has not been allocated to this product using the criteria in the Standard for the Uniform Scheduling of Drugs and Poisons (SUSDP). All chemicals listed on the Australian Inventory of Chemical Substances (AICS).
-----------------------------	--

16. OTHER INFORMATION

Additional Info	<p>RESPIRATORS: In general, the use of respirators should be limited and engineering controls employed to avoid exposure. If respiratory equipment must be worn ensure correct respirator selection and training is undertaken. Remember that some respirators may be extremely uncomfortable when used for long periods. The use of air powered, or air supplied respirators should be considered where prolonged or repeated use is necessary.</p> <p>PERSONAL PROTECTIVE EQUIPMENT GUIDELINES: The recommendation for protective equipment contained within this MSDS report is provided as a guide only. Factors such as method of application, working environment, quantity used, product concentration and the availability of engineering controls should be considered before final selection of personal protective equipment is made.</p> <p>HEALTH EFFECTS FROM EXPOSURE: It should be noted that the effects from exposure to this product will depend on several factors including: frequency and duration of use; quantity used; effectiveness of control measures; protective equipment used and method of application. Given that it is impractical to prepare an MSDS report which would encompass all possible scenarios, it is anticipated that users will assess the risks and apply control methods where appropriate.</p>
------------------------	---

ABBREVIATIONS:

MSDS – Material Safety Data Sheets

mg/m³ – Milligrams per cubic metre

ppm – Parts Per Million

ES-TWA – Exposure Standard - Time Weighted Average

CNS – Central Nervous System

NOS – Not Otherwise Specified

pH – relates to hydrogen ion concentration – this value will relate to a scale of 0 – 14, where 0 is highly acidic and 14 is highly alkaline.

STOT SE – specific target organ toxicity (single exposure SE)

STOT RE – specific target organ toxicity (repeat exposure RE)

NOH&S – National Occupational Health & Safety

CAS# - Chemical Abstract Service Number – used to uniquely identify chemical compounds.

IARC – International Agency for Research on Cancer.

Report Status

This document has been compiled by Euromix Pty Ltd of the product and serves as the manufacturer's Material Safety Data Sheet.

While the information in this Material Safety Data Sheet has been prepared in good faith, Euromix Pty Ltd does not warrant that the information is accurate, complete, or up to date.

Contact Point

For further information on this product contact:

Telephone: 02 9572 9061
Emergency: 13 11 26 (Poison Information Line Australia)
Email: contact@euromix.com.au
Web site: www.euromix.com.au

Advice Note

The information in this document is believed to be accurate. Please check the currency of this MSDS by contacting:

Each user of any information, or any product referred to, in this Material Safety Data Sheet must:

- determine whether the information or product is suitable for their purpose;
- assess and control any risks associated with the information or product; and
- obtain professional advice in relation to the use of the information or product.

To the extent permitted by law, Euromix Pty Ltd:

- excludes all representations, warranties, and guarantees in relation to any information in this Material Safety Data Sheet; and
- will not be liable for any direct, indirect, consequential, incidental, special or economic loss (including but not limited to any loss of actual or anticipated profits, revenue, savings, production, business, opportunity, access to markets, goodwill, reputation, publicity, or use) arising from any use of or reliance on any information in this Material Safety Data Sheet.
